

# Revolutionizing In-Car Payments: A Seamless Solution for Auto-Lease Customers in KSA

## Welcome to the Future of Driving!

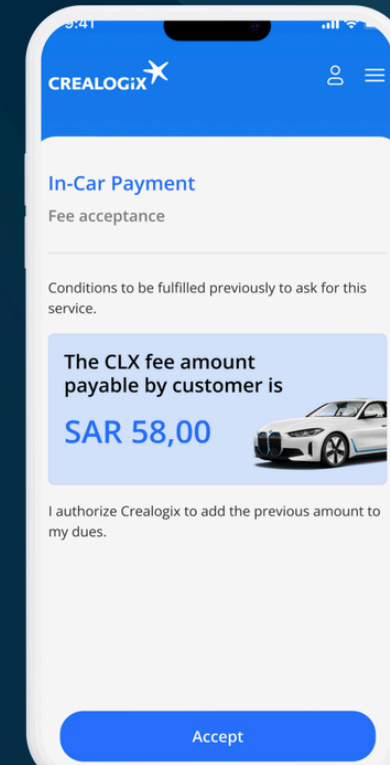

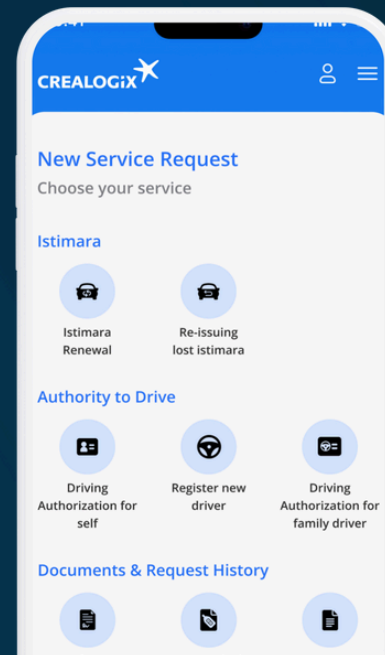

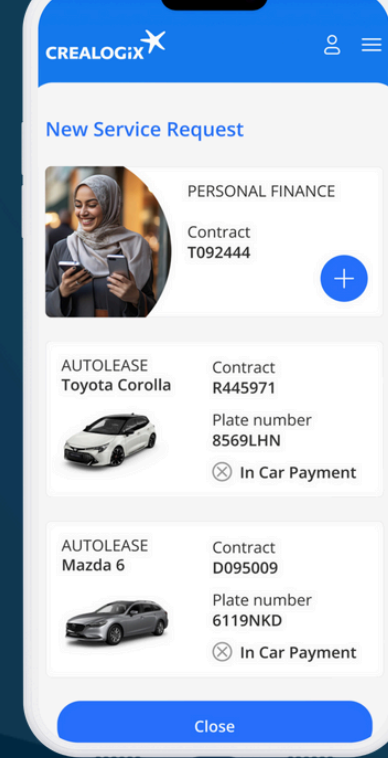

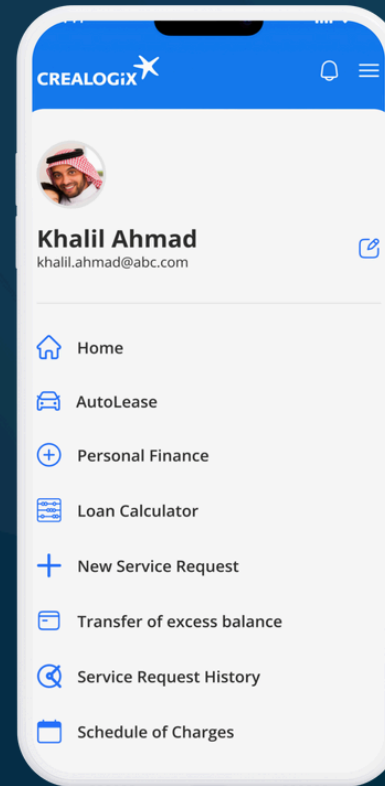

Get ready to embark on a lending journey like never before with CREALOGIX's innovative **In-Car Payment** feature. Tailored for the modern driver in the GCC and KSA region, our innovative solution is here to elevate your driving experience to new heights.

## The Evolution of Driving

In today's fast-paced world, our vehicles are no longer just means of transportation. They're evolving into smart, connected spaces where convenience reigns supreme. Enter **in-car payments**—a game-changing feature that transforms your vehicle into a seamless transaction hub.

## Introducing In-Car Payment

Say goodbye to the headache of monthly loan payments. Our **in-car payment** solution frees you from the stress of due dates and manual transactions. Set your preferences once, sit back and let our system take care of the rest. It's that easy!

# Key Benefits

## Connected Vehicles:

With the power of IoT, your car becomes fully connected, enabling effortless communication with financial platforms for seamless payments.

## Seamless Transactions:

Whether it's fuel, parking, tolls, or drive-thru services, handle it all directly from your car's interface, eliminating the need for physical cash or cards.

## Precision and Reliability:

Experience payments made with pinpoint accuracy, avoiding delays and penalties thanks to the reliability of our Auto Payment system.

## Enhanced Auto-Lease Contracts:

Elevate your leasing experience by integrating in-car payments into your auto-lease contracts, ensuring unmatched convenience and efficiency.

## Unparalleled Convenience:

No more manual payments. Our system ensures timely installments, letting you focus on what matter

## Time and Effort Savings:

No more wasted hours on payment reminders. Enjoy more of your time doing what you love while we handle your financial obligations efficiently.

## Guaranteed Security:

Rest assured knowing your financial data is safeguarded with the utmost security and confidentiality at all times.
